OZA EKIN SELCUK

Physics Undergraduate | Marmara University

Istanbul, Türkiye | oza.ekin@marun.edu.tr | LinkedIn | GitHub

PROFESSIONAL PROFILE

Physics undergraduate with interests in experimental physics, computational methods, and interdisciplinary problem-solving. Experience in experimental project development, scientific documentation, student leadership, and team coordination.

EDUCATION

Marmara University — BSc in Physics | **Istanbul, Türkiye | 2023–2028 (Expected)**
Five-year study period including an English preparatory year.

PROJECTS

Cosmic-Ray Muon Detection System | **Experimental Physics | 2026**

- Prepared and assembled a scintillator-based experimental setup for cosmic-ray muon detection.
- Contributed to detector configuration and experimental measurement planning.
- Experimental measurements, analysis, and presentation are forthcoming.

LEADERSHIP & ORGANISATIONAL EXPERIENCE

Vice President — Physics Club | **Marmara University | 2026–Present**

- Coordinate academic, scientific, and social activities with the club executive board.
- Support student initiatives and communication with faculty members.

Team Captain — Faculty of Science Basketball Team | **2026–Present**

- Coordinate team activities and encourage communication and collaboration among players.

Department and Third-Year Physics Representative | **2026–Present**

- Represent student perspectives and facilitate academic communication.

TECHNICAL & DIGITAL SKILLS

Programming: Python (basic) Scientific tools: LaTeX, SciDAVis

Data and documentation: Experimental data analysis, data visualization, scientific reporting

Office: Microsoft Word, Excel, PowerPoint

LANGUAGES

Turkish: Native English: B2 (Upper-Intermediate; Marmara University preparatory examination)

AREAS OF INTEREST

Experimental Physics · Computational Methods · Scientific Computing · Applied Technology
